

Beautifully Unfinished

Ella Henderson

Sunday raindrops
Clock goes tick, tock
I hate myself for staring at the phone
Kept all your texts, can't erase them
I'd call you up but I know you're not alone

I know that I should not hold on
So why can't I let go

?Cause every time I'm with you
Somehow I forget to breathe
You got me like a rag doll
Now I'm dancing on your string
And I keep trying to figure out who you are to me
But maybe all that we were meant to be
Is beautifully unfinished
Beautifully unfinished

You left your kiss like a bruise on my lips
Your fingerprints are tattooed on my skin
And hush now don't cry, build your walls high
And don't you dare come creeping in

?Cause you're the one that I can't lose
You're the one that I can't win

?Cause every time I'm with you
Somehow I forget to breathe
You got me like a rag doll
Now I'm dancing on your string
And I keep trying to figure out who you are to me
But maybe all that we are meant to be
Is beautifully unfinished

And I hate you and I love you
And I wish you'd go away
And I hate you and I love you
And I wish that you would stay

?Cause every time I'm with you

Somehow I forget to breathe
You got me like a rag doll
Now I?m dancing on your string
And I keep trying to figure out who you are to me
But maybe all that we are meant to be
Oh, beautifully unfinished
We?re beautifully unfinished
