

As I Am

Childhood

There's no time at all
Why won't you tell me that I need you?
Through the space I cross
I really wanna be youSo tell what you wanna do
And take me as I am
All the things left to lose
And try to understandI've had enough
It feels so hard enough to be through good
Fill the space I crawl
I really wanna feel you
And it goes on and on
I'm changing all that I believe in
The faceless static song
But you don't wanna really figureSo tell what you wanna do
And take me as I am
All the things left to lose
And try to understandWith no time at all
With no time at all
So tell what you wanna do
And take me as I am
All the things left to lose
And try to understand
