

# Periscope (feat. Skylar Grey)

## Papa Roach

I want to feel your wreckage, it's a firestorm  
I'm falling like a loaded weapon in your arms  
Paranoid it might be reckless, no matter what I say  
It's only going to steal your breath and slip awayI don't want to dive in first  
You don't want to hear these words  
It's only going to make it worse  
You don't want to live that curse  
You're telling me to keep my hope  
Cause you've got a heart of gold  
But maybe you should let me go

I'll love you through a periscopeYou wear your heart so fearless, it's like it doesn't beat  
You push away my demons when they torture me  
Don't think that I can fight this pressure pulling me underneath  
It's like I've got the whole world tied around my feetI don't want to dive in first  
You don't want to hear these words  
It's only going to make it worse  
You don't want to live that curse  
You're telling me to keep my hope  
Because you've got a heart of gold  
But maybe you should let me go

I'll love you through a periscopeOh, oh, through a periscope  
Oh, oh, I'll love you through a periscope  
Oh, oh, through a periscope

Oh, oh, I'll love you through a periscopeI don't want to dive in first  
You don't want to hear these words  
It's only going to make it worse  
But you don't want to live that curse  
You're telling me to keep my hope  
Because you've got a heart of gold  
But maybe you should let me go

I'll love you through a periscopeOh, oh, through a periscope  
Oh, oh, I'll love you through a periscope
