

Voodooonight

Boney M

Whispers, potions, puppet with needles
Whispers, potions, puppet with needles Black night, right time
It's all about, it's voodooonight
Can't you feel it
Strangers surround the voodoospell? But you saw them close your mind
Don't listen 'cause Big Zombie makes a night of it
We're all here and break the spell
Don't follow him, Big Zombie seeks a bride tonight Voodooonight
Voodooonight Whispers, potions, puppet with needles
Whispers, potions, puppet with needles Witchcraft, magic
Odd songs to hear, it's voodooonight
Does it haunt you
The fatefull wish of voodoospell Voodooonight
Voodooonight Voodooonight
Voodooonight
Voodooonight
