

Keep Living

Ricky Dillard & New G

I know that some friends have left have you high and dry
And meeting challenges have left you petrified
But as long as you still have life and breath
You still have something to do for the SaviorChorus:

Keep living
Through this
Cause after this
Is the victory
Keep living
God said it

Keep livingKeep living
Through your troubles
Oh, keep living
Through your pain
Keep living
Through your worries
Yes, keep living

God will sustain youRepeat chorusAs long you're breathing
