

Ride the Tiger

Jefferson Starship

I want to ride the tiger
I want to ride the tiger
It will be black and white in the dead of night
Eyes flashing in the clear moonlight
I want to ride the tiger.It's like a tear in the hands of a western man
Tell you about salt, carbon and water
But a tear to a chinese man
He'll tell you about sadness and sorrow or the love of a man and
A woman.I want to ride the tiger
I want to sail through the risin' sun for you and you
We got something to learn from the other side
Something to give, we got nothing to hide
I want to ride the tiger.Black wants out of the streets
Yellow wants the country
Red wants the country back
And white wants out of this world
Sing - sing to the sky
I want to ride the tiger
I want to ride the tiger.Look to the summer of seventy-five
All the world is gonna come alive
Do you want to ride the tiger?It's like a tear in the hands of a western man
Tell you about salt, carbon and water
But a tear to an oriental man
He'll tell you about sadness and sorrow or the love of a man and
A woman.
