

Every Breath Is Like A Heartbeat

Late Night Alumni

You keep a steady locomotion.
I know, go on and stand your ground.
If you choose to believe in nothing,
What is it moves you around? Every breath is like a heartbeat.
Suddenly the beat becomes a sound.
Just like a dream that you had once,
How you tried, but couldn't run. I feel your pulse it's proof you're breathing,
But the glimmer in your eyes has left. If you're believing what you're reading,
How are you different from them? Every breath is like a heartbeat.
Suddenly the beat becomes a sound.
Just like a dream that you had once,
How you tried, but couldn't run. Every breath is like a heartbeat.
Suddenly the beat becomes a sound.
Just like a dream that you had once,
How you tried, but couldn't run. Twinkle sparkle you're the star,
But you're still wondering what you are.
Twinkle sparkle you're the star,
But you're still wondering what you are. Twinkle sparkle you're the star,
But you're still wondering what you are.
Twinkle sparkle you're the star,
But you're still wondering what you are.
Suddenly the beat becomes a sound
