

The Rest of Us

Simple Plan

I'm okay, I'm okay
Kinda being awkward socially
With the fact, with that girls
Don't lose their shit when they look at me
It's okay, it's okay
That I'm not that good at anything
And I don't hit the notes
Perfectly when I try to sing Oh I know why I'm not alone
So turn the music up and let go Here's to the rest of us
To all the ones that never felt they were good enough
I wanna hear it for the chased and confused
The freaks and the losers
Let's point them up
Here's to the rest of us
(The rest of us) I'm okay, I'm okay
I don't need to be a billionaire so freaking bad!
And my trust fund hopes are looking sad
I confess, I'm a mess
I'm perfectly dysfunctional
But I don't give a damn
If you feel the same let me hear you sing Oh I know why I'm not alone
So turn the music up and let go Here's to the rest of us
To all the ones that never felt they were good enough
I wanna hear it for the chased and confused
The freaks and the losers
Let's point them up
Let's point them up, up, up Here's to the rest of us
We do it better than the rich and the fabulous
I wanna hear it for the nothing to lose
With something to prove
Let's point them up
Here's to the rest of us We don't need to apologize for anything
We're who we are
I just wanna hear you sing Oh I know why I'm not alone Here's to the rest of us
To all the ones that never felt they were good enough
I wanna hear it for the chased and confused
The freaks and the losers
Let's point them up
Let's point them up, up, up Here's to the rest of us

We do it better than the rich and the fabulous
I wanna hear it for the nothing to lose
With something to prove
Let's point them up
Here's to the rest of us The lost, the geeks, the rejects, the losers
The wrong, the freaks, the hopeless, the future
The lost, the geeks, the rejects, the losers
The wrong, the freaks, the hopeless, the future The rest of us
