

# I Can't Be

## Ramones

I can't be, do what you want with me  
I can't be, do what you want with me  
I can't be, do what you want with me  
I can't be, do what you want with me  
Now you say you wanna live with me  
One-two-three, you wanna have a family  
Now you say, you wanna do my laundry  
I can't be, do what you want with me

I can't be, do what you want with me  
I can't be, do what you want with me  
I can't be, do what you want with me  
I can't be, do what you want with me  
I can't be, do what you want with me  
I can't be, do what you want with me  
I can't be, do what you want with me  
I can't be, do what you want with me
