Bleeding to Death

Waco Jesus

The bleeding won't cease or coagulate
prepare to die where you're lying
passing the point of no return
your eyes froze wide open
muscles contract then relax
can you feel me fuck you
organs are removed and licked clean
hanging dead by intestines
blood soaked puncture wounds are fucked
you are embalmed with my semen
bludgeoned my claw hammer enters your cranium
fracturing your skull distorting your face
fucking die
bleeding to death
bleeding to death
