

You're Cute When You Scream

Senses Fail

Fuck with, my heart
I'll teach you what it's like
To be, so used
That you'll have to clean That dirt stuck in
Your plastic finger nails
And just the scent of you is enough
To make me sick And all I know, is revenge is sweet when You know that you are worthless
And I am better than
The games that you play princess
I've played
And always win I'll take, my time
To slowly plot your end
And now, I will
Spit bullets with my pen And all I know is you're cute when you scream You know that you are worthless
And I am better than
The games that you play princess
I've played
And always win I'll take you to the top
Of this building and just push you off
Run down the stairs so I can see your face
As you hit the street
The street, the street
The street and the street You know that you are worthless
And I am better than
The games that you play princess
I've played
And always win This time, I win, so here's your kiss goodbye
