People Like Us

The Mamas & The Papas

People like us
So much in love
People who just
Trust one anotherOoh, what a dump
Now it's a palace
Where a Dixie cup
Becomes a chaliceFor people like us
(For people like us)
So much in love
(So much in love)Lassos of love
(Lassos of love)
Twirling around us
(Twirling around us)
A magical space in the city
That surrounds usNow is the time
Blow out the candle
A nursery rhyme
Too hot to handleFor people like us
(So much in love)Ooh, what a dump
Now it's a palace
Where a Dixie cup
Becomes a chaliceFor people like us
(So much in, so much in love)
In loveFor people like us
(People like us)
For people like us
(For people like us)
For people like us
(People like us)For people like us
(For people like us)
For people like us
(For people like us)
For people like us
