

# Saddle Tramp

## The Charlie Daniels Band

Well I pulled out of canyon county, great cradle of the west  
My mama and me and one alone dog tryin' to do our best  
Strangers all around me said no one knew my name  
I came to take the back this land, I came to stake my claim, yes sir  
The farm is all I've ever known, it bears my families name  
But damn my brother got drunk one night and lost it all in a poker game  
Shots rang through the silence, I heard the angels cry  
You never arrive a winner, a saint or a sinner, the boy said aces high  
Saddle Tramp you're back in action  
Lookin' for the man who took my brother, I came to put him down  
Saddle Tramp you spend your whole life runnin' like the wind  
Going for the bounty but riding for the thrill, yeah  
Mama died of a broken heart, the way my brother threw his life away  
But when they put him in the ground, it like to kill me just the same  
Half past the hour of midnight, looked into the killers eyes  
I pulled my 45 and bullets started flyin', the man he had to die  
Saddle Tramp you're back in action  
Lookin' for the man who took my brother, I came to put him down  
Saddle Tramp you spend your whole life runnin' like the wind  
Going for the bounty but riding for the thrill  
Saddle Tramp you're back in action  
Lookin' for the man who took my brother, I came to put him down  
Saddle Tramp you spend your whole life runnin' like the wind  
Going for the bounty but riding for the thrill  
Saddle Tramp you're back in action  
Lookin' for the man who took my brother, I came to put him down  
Saddle Tramp you spend your whole life runnin' like the wind  
Going for the bounty but riding for the thrill  
Every time you take a life the devils watching you  
He'll fill you with a pack of lies and he'll steal your soul from you, I say
