Inner Light

jj

When I'm up in the club
I wont be on them drugs
But if you show me love
You might get a hug
But if you don't
Then I wont care at all
So take me down, downtown
Too many people
Way too little time
But if we run
While we are young
We can make it happen
Come on
I don't even know your name or where you came from
You don't even know my name but where I'm from
We pray everyday for you know what
And who we do what we do to stay true
Making my way through the city at night
I'm making my way through this motherfucking life
Looking at rainbows, sippin' on wine
Trippin on truffles, sniffing on ice
Baby, we're made of stars
Get in the light
