Music Sounds Better With You (12" Club Mix)

Stardust

Ooh baby, I feel right
The music sounds better with you
Love might bring us both together, I feel so good
I feel right, the music sounds better with you

Love might bring us both together

Ooh baby, I feel right
The music sounds better with you
Love might bring us both together, I feel so good
I feel right, the music sounds better with you

Love might bring us both together

Ooh, baby, I feel right
The music sounds better with you
Love might bring us both together, I feel so good
I feel right, the music sounds better with you

Love might bring us both together

Ooh, baby, I feel right
The music sounds better with you
Love might bring us both together, I feel so good
I feel right, the music sounds better with you

Love might bring us both together

Ooh, baby, I feel right
The music sounds better with you
Love might bring us both together, I feel so good
I feel right, the music sounds better with you

Love might bring us both together

Ooh, baby, I feel right
The music sounds better with you
Love might bring us both together, I feel so good
I feel right, the music sounds better with you

Love might bring us both together

Ooh, baby, I feel right
The music sounds better with you
Love might bring us both together, I feel so good
I feel right, the music sounds better with you
