Capeside

Framing Hanley

Waking up without you, it doesn't feel right
To sleep with only memories is harder every night
And sometimes I think I can feel you
Breathing on my neckTonight I'm reaching out to the stars
I think that he owes me a favor
It doesn't matter where you are
I'll hold you againI wish I could hear your voice
Don't leave me alone in this bed
I wish I could touch you once more
Don't leave me alone in this bed
Not tonight, not tomorrowI've got the feeling that this will never cease
Living in these pictures it never comes with ease
I swear if I could make this right,
You'd be back by nowTonight I'm screaming out to the stars
I he knows he owes me a favor
It doesn't matter where you are
You'll be mine againI wish I could hear your voice
Don't leave me alone in this bed
I wish I could touch you once more
Don't leave me alone in this bedWhat about the plans that we had
We've been crazy not to go
Leave me encase and I'llI wish I can hear your voice
And don't leave me alone in this bed
I wish I could touch you once more
And don't leave me alone in this bedDon't leave me alone in this bed
