

# World Cry

## Morgan Heritage

We take a look around the world and we see what is going on  
So much people complaining saying there's too much war  
Tell me what are we gonna do to better the future  
Tell me how we are gonna save the world from rapture  
Of hate and warThe world is crying for peace  
The world is crying for justice  
The world is crying for love  
Almighty JAH we call for refuge come please  
The world is crying for peace  
The world is crying for justice  
The world is crying for love  
Almighty JAH we call for refuge come pleaseWe say Africa we need the OAU  
Europe and America the UN too  
Calling all countries of the world  
We must come together, for the saving of our futureThe world is crying for peace  
The world is crying for justice  
The world is crying for love  
Almighty JAH we call for refuge come please  
The world is crying for peace  
The world is crying for justice  
The world is crying for love  
Almighty JAH we call for refuge come please  
Come please  
Come please oh JAH  
We calling for refuge  
For the cry of the peopleWe need love and prayer  
Faith in the father  
Patience and forgiveness  
Solidarity and willingnessThe world is crying for peace  
The world is crying for justice  
The world is crying for love  
Almighty JAH we call for refuge come please  
The world is crying for peace  
The world is crying for justice  
The world is crying for love  
Almighty JAH we call for refuge come please
