# Sky Pup

## Melvins

It's strange this evening
So go, girl
Make the five mark city of gold
Oh, baby it's hot cold meat hook
Rigging in my nose
Well baby baby baby baby
It's a big quote down
Oh baby, you're not really
It's all down for the hog
Oh baby, come on gimme a drag
We're sitting down on midnight
Well baby, you're not so mean
Kill you like a holy nuclear
Oh baby, she wants my soul
Hock sooner
I'm a witness
Nasty black black like a hog
Hey now, break the cocktails
You're not really so bad
So hot so hot it's
She's going down
Guess so, I'm bound to do it
If I got the place.
