Advisory - the following lyrics contain explicit language:

We got submissive society
We got a dinosaur monopoly
And all their germs infecting me
We got stars charisma freeWe got a passive mentality
Worship the safe, abhor the unique
And never stop to ask the questionsHi-fi, lo-fi, sci-fis my fi
Don't you know that you've got
Dinosaur germs.We thought dinosaurs were extinct
But now we know that yr the missing link
It hurts the head when it has to think
No more excuses, take the restBut you forgot to take what is best
With all respect, this is not a test
And never stop to ask the questionsHi-fi, lo-fiUh, over and out, yeah, okay
