

# Fiji Time

## Status Quo

May we have your attention  
dear ladies and gentlemen  
please set your watches onto Fiji time  
no need to hurry now, no need to worry now  
just set your watches onto Fiji time  
and everything will be fineFlying from the UK OK crossing the equator  
leaving all the rain in London 30 hours later  
lying on a white sand beach and soaking up the sun rays  
maybe we could stay here for a month or two of SundaysReally windy everywhere they're calling bula to me  
Someone sometime really oughta come and make a movie  
there's a cloud up in the sky it has a silver lining  
so what you waiting for come on let's get some Fiji time in  
May we have your attention  
dear ladies and gentlemen  
please set your watches onto Fiji time  
no need to hurry now, no need to worry now  
just set your watches onto Fiji time  
May we have your attention  
dear ladies and gentlemen  
please set your watches onto Fiji time  
no need to hurry now, no need to worry now  
just set your watches onto Fiji time  
and everything will be fineOnce the stars come out to play as night takes over evening  
someone better pinch me 'cos I think I must be dreaming  
wake up in the morning yes the sun it will be shining  
the only place to me come on let's do some Fiji timing  
so what you waiting for come on let's do some Fiji timing  
May we have your attention  
dear ladies and gentlemen  
please set your watches onto Fiji time  
no need to hurry now, no need to worry now  
just set your watches onto Fiji time  
May we have your attention  
dear ladies and gentlemen  
please set your watches onto Fiji time  
no need to hurry now, no need to worry now  
just set your watches onto Fiji time
