

# Still Counting

## Volbeat

Counting all the assholes in the room  
Well I'm definitely not alone, well I'm not alone  
You're a liar, you're a cheater, you're a fool  
Well that's just like me yoohoo and I know you tooMr. Perfect don't exist my little friend  
And I tell you that again, and I do it again  
Counting all the assholes in the room  
Well I'm definitely not alone, well I'm not aloneLook deep into yourself before you blame  
all others for betrayal, now for betrayal  
A promise, so easy to say, and easy you fail  
and you do it againWell the music seemed to comfort  
And the light went through the colors  
Why not turn my back and go for  
all the better things in orderWell maybe you think your lie is safe  
But I read you like a letter, yeah like a letter  
Your charm do not evens the pain  
it fills me with rage, and you do it againWell the music seemed to comfort  
And the light went through the colors  
Why not turn my back and go for  
all the better things in orderWell the music seemed to comfort  
And the light went through the colors  
Why not turn my back and go for  
all the better things in orderAnd a gangster keeps on telling  
That he got a song that matters  
So I flip a coin towards him  
Thank you very much for listening
