

# Pizza Man

## Ellegarden

Tell me someone knows the guy whose name is Daniel  
I've been looking for him more than 20 minutes  
I guess he is starving  
Or he could be aiming to use this to learn about fractions

Got to find him quickly putting his aim aside  
I should do what I can  
Ask that ma'am if she knows  
Hey ma'am have you heard of a guy whose occupation  
is mathematician around here?

Am I in wrong condo?  
No way I have checked it 3 times or more  
So how come I can't find him?  
Tell me someone knows the guy whose name is Daniel  
Tu tu tu...

Wait he could be aiming to learn about a pie chart  
That explains why he choose 'Pepperoni Quattro'  
But in that case I guess  
Sorry to be smart ass  
He had better use pies instead

Am I in wrong condo?  
No way I have checked it 3 times or more  
So how come I can't find him?  
Tell me someone knows the guy whose name is Daniel  
Tu tu tu...
