

Light (Vengeance Dub - Son Of A Gun)

KMFDM

The blind inspiration, total disillusion
Instant consecration, mind and body fusion
Frontal assault on the seven senses
Orgasmic waste, eccentric and pretentious KMFDM, doing it again
A treat for the freaks, truth or dare
Are you ready for this? we don't care
Deify data, hard but true Godlike nonsense being thrown at you
We keep simple, tough and outright
Easy to swallow, KMFDM light
KMFDM, doing it again A treat for the freaks, truth or dare
How low can you go? we don't care
In a world of deceit, open your eyes
What we do for you, so good for you Don't be afraid and you'll realize
What you do for me, so good for me
One way or another, now or later
Bow down and worship the true creator Musik ist macht, eine ausgesprochene Verbindung von Schlau und Dunn.
Geruschschtigen wird unter immensem Druck und Leidenschaft grosste Freude und Vertrauen abgesaugt.
Der Heldenriff ist der Froschfresser.
Der Rhythmus ein schoner Schwan. Nur die Worte ein Blutegel an deinem gehirn.
Keiner macht fur dich mehr.
Take a good plunge and out from the masses
Bend over backwards and kick some asses Call 1-800, accept no imitation
KMFDM, one world, one nation
