

Alias (Laid Remix)

In Flames

The serpent knows
When the curtain falls
With denials blindfold
It greets another dayDon't believe the mask
It attempts to really lie
The perfect ten
When reality caves inDon't tell me, tell my ghost
'Cause I blame him
For all I don't want to know
I found secrets about lies under toldLife's wrapped in a riddle
Easier said than done
Wait to play the victim
Just run and hideDon't believe the mask
It attempts to really lie
The perfect ten
Where reality caves inDon't tell me, tell my ghost
'Cause I blame him
For all I don't want to know
Well, I found secrets about life under told
Let them take me far awayCall back in place
It's easier to cope behind the curtain
Wipe the worries away
No thought about a consequenceDon't believe the mask
It attempts to really lie
The perfect ten
When reality caves inDon't tell me, tell my ghost
'Cause I blame him
For all I don't want to know
Well, I found secrets about life under told
Let them take me far away
