

Soldier's Wife (Don't Want You To Go) [Unplugged]

American Young

I don't want to think about having to say goodbye
Having try to dry, the tears coming from my eyes
I don't want to think about after this fire goes out
The sun coming into this house, you getting up off of this couch
So baby lets pour a little more wine, lets lose
ourselves for a while

It's all we have and your all I want this is all I need
I just want the night to move the slower, I want doesn't matter I know
I just don't want you to go I don't want to think about hearing your voice on the phone
And getting the groceries alone, people asking when your coming home

I don't want to think about how crazy it gets over there
You flying off to god knows where, telling me not to be scared
So baby lets pour a little more wine, lets lose ourselves for a while

It's all we have and your all I want this is all I need
I just want the night to move the slower, I want doesn't matter I know
I just don't want you to go I know, I know this is part of life
Of being a good soldier's wife

We may not have tomorrow, but at least we have tonight
So baby lets pour a little more wine, lets lose ourselves for a while
It's all we have and your all I want this is all I need

I just want the night to move the slower, I want doesn't matter I know
I just don't want you to go I know, I know
I just don't want you to go
