Yesterdays Rising

set free
everything you need to let go
when we speak we breathe
when we breathe we feel
allow me and watch me
lay my thought down right here right now
i can't breathe my speech is slow
i don't know i just don't know
whether or not i will speak
i want to breathe i want to breathe
we are off
and we can't pretend for a second that were clean
we are off
and the path blacking out and its so hard feeling the pain of not breathing
we are off
and we cant pretend for a second that we clean
we are off
and the path will not open until i say go
its hard feeling the pain of not breathing
(when we speak we breathe when we breathe we feel)
its hard feeling the pain of not breathing
(when we speak we breathe when we breathe we feel)
letting the light spread
when the energy is amongst our fingertips
letting the waves crash
when they're able to cause danger
is where we descend
i can break me down
it can break you down
you can't break me down
when we speak we breathe
