

You Lost It

Vio

You kneel before the only one.
You ask, what have I done wrong?
You keep on falling. You're lost.
You keep on falling, broken and lost. You've got nothing left,
you are tired now.
Things you want unsaid
repeat in your mind. It's a long day
and you won't go to sleep.
It's a long day
and it's hard to keep....your feelings
from falling apart.
You're feeling
you're falling apart. And you drop, down low.
And you drop, down low. You shout.
Say things loud.
Get out, get out. It's a long day,
like you've never known.
It's a long day,
you are on your own. And you shout.
And you shout. You want to get out, get out,
get out, get out, get out.
And you know that you lost it.
Oh you know that you lost it. How life can change
in a heartbeat.
Just yesterday
you were happy. And you drop, falling down.
And you drop, falling down.
