

Brian Wilson Said

Tears For Fears

My life, nothing was easy till now
Hope like the morning will paint the dawn
More than ordinary, make it more than merry
(Deep down, deep down)
Take me to the jamboree and shine a light on me
(Deep, deep down)
Draw back the curtains and smile
Everything's wow
Girls are ten penny, Janet, Joy and Jenny
Judy, Joan and Jackie G
Hear me now, I warn you
Girls from California break your heart and set you free
My life
Shame to rely on, but I swear it's the best I can do
Like a flame, like an ' i ' with a dot, I am not you
Call me guilty, I swear I'm a man who can fly
(Deep down, deep down, deep, deep, down)
Keep coming back, I'll get back to you
My life, nothing was easy till now
