

One Your Name

Swedish House Mafia

(Oh)I wanna know your name
You just killed me, could you at least do that?
I wanna know your name
Or better yet, stand there
Just do that
[2x]Hey yeahI wanna know your name...
Know your name...
[2x]Uh!
Ooh yeahI wanna know your name
You just killed me, could you at least do that?I wanna know your name
Or better yet, stand there
Just do thatHey yeah!
Ooh yeah!I wanna know your name...
Your name...
[2x]Uh
