Wonderful

Colin Blunstone

I can see the bright line
Of the runway light shine
Coming home tonight
Flight from out the sky
Sitting here in silver wings
Hear the engine stundering
Hanging here so easily
Above the lights of home
I need you more than ever now my love
Oh watch the lights of a city draw me to your nameWonderful, wonderful
You're my lady wonderful
Wonderful, wonderful
Run to me my lady wonderfulWill you see me touch down
All the numbers turn round
On the flight arrivals high in the hall
I wait impatiently
Knowing you're not far from me
Trying to catch a look of you
Through the customs wall
I want you more than ever now my love
There's nothing more than a wall holding us apartWonderful, wonderful
You're my lady wonderful
Wonderful, wonderful
Run to me my lady wonderfulWonderful, wonderful
You're my lady wonderful
Wonderful, wonderful
Run to me my lady wonderful
