Suffer Me

Matchbox 20

She wanted something just like the real thing
He needed love and it all worked out somehow
He knows that love is the king of emotion but
He can't touch her 'cause she's too perfect nowBut she wasn't like that then
And he wasn't like that then
They were everything
Everything they needSuffer me
Call on me and I, I will call on you
Suffer me
Call on me and I, I will call on you
I will call on youShe wasn't thinking about anyone else just then
But she knew someone else would always come to mind
'Cause they were strangers living in a feeling
They were scared when they heard they talked about loveBut it wasn't like that then
It just wasn't like that then
They took everything
'Cause everything was freeSuffer me
Call on me and I, I will call on you
Suffer me
Call on me and I, I will call on youOh, yes and they were thinning out
At that moment where we're all afraid
Started thinking that pretty soon one of them would leave
But she says suffer meSuffer me
Call on me and I, I will call on you
Suffer me
Call on me and I, I will call on youSuffer me
Call on me 'cause I, I will call on you
Suffer me
Call on me 'cause I, I will call on you
Call on you
