Frozen in Time

Chimaira

Suspicion growing
A feeling I cannot control
Communication
Communication low
The invasion is necessary
The dangers are secondaryThis was never meant to be
A lifetime of instability
I guess I was always weak
Someone please rescue meFrozen in time
Can't control what's inside of me
Frozen in time
I left my soul behind
I'm at the end of the line
Trapped in my mind
Empty and blindI see myself dying
All these paranoid delusions frighten me
Manipulating vitality
An unspeakable evil latched on to agonyAttacking my body impurity spreading through me
Like a parasite
Desensitized to the world while the plagues controlling
Like a fucking parasite.The same demons keep haunting
Sending their warning
It's unrelentingThis was never meant to be
A lifetime of instability
I guess I was always weak
October the leaves bury meFrozen in time
Can't control what's inside of me
Frozen in time
I left my soul behind
I'm at the end of the line
Trapped in my mind
Empty and blind
