

Frozen in Time

Chimaira

Suspicion growing
A feeling I cannot control
Communication
Communication low
The invasion is necessary
The dangers are secondary This was never meant to be
A lifetime of instability
I guess I was always weak
Someone please rescue me Frozen in time
Can't control what's inside of me
Frozen in time
I left my soul behind
I'm at the end of the line
Trapped in my mind
Empty and blind I see myself dying
All these paranoid delusions frighten me
Manipulating vitality
An unspeakable evil latched on to agony Attacking my body impurity spreading through me
Like a parasite
Desensitized to the world while the plagues controlling
Like a fucking parasite. The same demons keep haunting
Sending their warning
It's unrelenting This was never meant to be
A lifetime of instability
I guess I was always weak
October the leaves bury me Frozen in time
Can't control what's inside of me
Frozen in time
I left my soul behind
I'm at the end of the line
Trapped in my mind
Empty and blind
