

Seven Devils

Florence + The Machine

Holy water cannot help you down
Hours and armies couldn't keep me out
I don't want your money
I don't want your crowd
See I have to burn
Your kingdom down

Holy water cannot help you now
See I've had to burn your kingdom down
And no rivers and no lakes can put the fire out
I'm gonna raise the stakes, I'm gonna smoke you out

Seven devils all around you
Seven devils in my house
See they were there when I woke up this morning
I'll be dead before the day is done

Seven devils all around you
Seven devils in your house
See I was dead when I woke up this morning
I'll be dead before the day is done
Before the day is done

And now all your love will be exorcised
And we will find you saying it's to be better now
And it's an even sum
It's a melody
It's a battle cry
It's a symphony

Seven devils all around you
Seven devils in my house
See they were there when I woke up this morning
I'll be dead before the day is done

Seven devils all around you
Seven devils in your house
See I was dead when I woke up this morning
And I'll be dead before the day is done

Before the day is done
Before the day is done
Before the day is done

They can keep me high
'Til I tear the walls
'Til I save your heart
And I take your soul
And what have we done?
Can I be undone?
In the evil heart
In the evil soul

Seven devils all around you
Seven devils in your house
See I was dead when I woke up this morning
I'll be dead before the day is done
Before the day is done
