The Day I Die

Mathew V

I remember when I could go to sleep at night
Lay down my head, lay down my mind
But I am older now
And feel like tides have turned
I feel the tides have been unkind

There are times I know I can't be strong
They'll stay inside my head until I'm gone
And I'm still holding, (holding) and I still cry
I'm holding on until the day I die

I told myself that i would leave my past at bay
I swore and said it at the sea
But I still wake each day and whisper to myself
It wont be sailing back to me

[chorus]

And there are times I know I cant be strong
They'll stay inside my head until i'm gone
And i'm still holding and I still cry
i'm holding on until the day I die

Slowly, slowly
Time wont hold me down
And I will rise and leave my chains upon this ground

There are times I know I cant be strong
they'll stay inside my head until i'm gone

I pray I find a day to rest my head
i'll holding on until the day i die .
