Let Me Come Back

Jackson, Walter

(Let me come back)
I want you back
I need you back
I love you girl

I love you girl
I want you back
I need you back

I need you back
I love you girl
I want you back
(Girl let me come back)

I just can?t go on without you girl
(just let me come back)

Got kicked out of my girls pad it?s too bad I deserve that,
but I did I popped off at the mouth like a kid
I didn?t think about the consequences or how id make her feel
and why I?d make her feel like that when she loves me for real
for real that?s the real deal I love her too
but you could prolly never tell by the way she was spoken to
and the way that I treated her she don?t need that
especially when she takes care of me when I?m needing her.
I need her now she aint around I?m feeling down and
I feel like I?m losing my mind,
were together all the time I can?t stand the separation
why would I want to cause her all this aggravation
it?s a frantic situation
now I?m waiting and I?m wishing hoping that she?ll give me a call
I keep on thinking that my phones ringing who am I kidding
it isn?t ringing at all
(Just let me come back)

(Chorus)
Baby I?m sorry didn?t mean to hurt you it will never happen again I know I said the same thing last time but
now I?m asking will you give me one last try let me came back now
girl let me come back now (Just let me come back)

She told me that I broke her heart I know I said some things
lo siento I said a lot of things I didn?t mean
I was mean and cold hearted my hearts has been broken since we parted
she set me straight on April 14 2008
and ima fly straight like an arrow
because I love you mija yo te quiero,
you?re my chica let me come back now
I need to be back in your life like right now
I?m really feeling the pain this lonely missing is a bitch
its driving me insane,
what did I do look what I?ve done
how could I do this to you when you?re the one
I?ve realized and I apologize, but baby I just really want to come back
I love you so much
(Check) Please tell me you still love me like that (Take me back)

(Chorus)

Baby I?m sorry didn?t mean to hurt you it will never happen again
I know I said the same thing last time
but now I?m asking will you give me one last try
let me come back now, girl let me come back now

I want you back
I need you back
I love you girl

I love you girl
I want you back
I need you back

I need you back
I love you girl
I want you back
I just can?t, go on without you girl
Just let me come back
