

Never Gonna Give Up

Bratz

True, everybody has a dream
If we just believe
We can have it, I know we can
All we gotta do is try
And it's hard sometimes
But we're never gonna turn back
Think about it, work it out
And all is possible
Anything and everything we want, we can get
Make a plan and understand that we're unstoppable
However long it takes you know we'll win in the end
We're never gonna give up (oh no)
Never gonna give in (can't be shaken)
We don't hold back
We can see that all our dreams are waiting
We're never gonna give up (oh no)
Never gonna give in (we can make it)
We can't be stopped, get what we want
See the chance we take it
Strong and we're never gonna fall
We can have it all
Nothing's gonna stand in our way
When you know you've got a dream
In your heart believe
And there's nothing that you can't face
Think about it, work it out
And all is possible
Anything and everything we want, we can get
Make a plan and understand that we're unstoppable
However long it takes you know we'll win in the end
We're never gonna give up (oh no)
Never gonna give in (can't be shaken)
We don't hold back
We can see that all our dreams are waiting
We're never gonna give up (oh no)
Never gonna give in (we can make it)
We can't be stopped, get what we want
See the chance we take it
Gotta go for it, gotta know that you can
If at first you don't succeed, try try again
Gotta realise it, gotta know in your heart
That you can do anything and you can be a star
We're never gonna give up (oh no)
Never gonna give in (can't be shaken)
We don't hold back
We can see that all our dreams are waiting
We're never gonna give up (oh no)
Never gonna give in (we can make it)
We can't be stopped, get what we want
See the chance we take it
