

Biggest Part of Me

Brian McKnight

Yeah oh oh
Yeah oh If you've ever had a broken heart
You promise yourself to never let it happen again
Don't wanna think about it, don't wanna dream about it
But it finds its way back into your head The I love you's, I need you's
Are only words that people say
They're just words when they're hand in hand
With the games that people play but If I ever see the top of a mountain
If never step my foot in the sea
I promise you I'll love you forever
You'll always be the biggest part of me Where ever you go, whatever you do I will follow
You've changed the way that I used to think
I promise you I'll love you forever
You'll always be the biggest part of me Take a look at me, I let you have my heart
I swore I'd never let it happen again
I'm not mad about it, I'm kinda glad about it
'Cause I know only in you girl, I can depend I love you, I need you
Are only words that people say
They're just words when they're hand in hand
With the games that people play but If I ever see the top of a mountain
If never step my foot in the sea
I promise you I'll love you forever
You'll always be the biggest part of me Where ever you go, whatever you do I will follow
You've changed the way that I used to think
I promise you I'll love you forever
You'll always be the biggest part of me I believe, yes I believe
I believe in love again
And I swear, I'll always be there
Isn't this the way that it should be and If I ever see the top of a mountain
If never step my foot in the sea
I promise you I'll love you forever
You'll always be the biggest part of me Where ever you go, whatever you do I will follow
You've changed the way that I used to think
I promise you I'll love you forever
You'll always be the biggest part of me
