

No Reason

Callenish Circle

[Music by: Callenish Circle]

[Lyrics by: Ronny Tyssen & Patrick Savelkoul] Ever heard my suffer

I wonder why, is this real

What have you done to me

For no reason at all And I feared

You don't seem

Just gave up

Why...do you care Everything is lost

All hope is gone

And I even won't complain

For this is my way of the cross And I feared for this to happen

You do not seem to care

Just gave up all we had

Don't you bother

Don't you fucking care Do you care And still I try to forget

It keeps on running inside my mind

Alone...
