

Make Me a Believer (feat. Mac Powell)

Andy Mineo

[Verse 1: Andy Mineo]

Why is it so hard to love you?

Why is it so hard to love you?

You make it easy, but I make it hard

Oh my God

You take the blame when I don't deserve it, no, no

I break your heart, then I do it again, do it again

You give me patience when I keep you waitin'

I don't know why you call me your favorite[Refrain: Andy Mineo]

Are we for real or not? (tell me, tell me)

For real or not? (tell me, tell me)

Are we for real or not, I gotta know

(Tell me, tell me)[Pre-Chorus: Andy Mineo]

You're givin' me all you have

You saw me without my mask

But I can't change my past

So can you promise this gon' last?[Hook: Mac Powell]

Make me a believer

Cause all I've ever seen is pain

Make me a believer

Promise me I'm not the same

Make me a believer[Verse 2: Andy Mineo]

They tell me seein' is believin'

But all ever saw was the schemin'

All I ever saw was the people that I loved

They was gettin' up and leaving, throwin' peace signs

What's up, what's up, aye

What's up lately?

How did you love me?

You stayed when I went buggin', you stayed

It's messin' with my head now, it's messin' with my head

Why you haven't left now?

I still can't guess, tell me[Refrain: Andy Mineo]

Are we for real or not? (tell me, tell me)

For real or not? (tell me, tell me)

Are we for real or not, I gotta know

(Tell me, tell me)[Pre-Chorus: Andy Mineo]

You're givin' me all you have

You saw me without my mask

But I can't change my past
So can you promise this gon' last[Hook: Mac Powell]
Make me a believer
Cause all I've ever seen is pain
Make me a believer
Promise me I'm not the same
Make me a believer[Outro] (x4)
Oh, oh, oh, oh, oh-oh, oh-oh
