Pimp Stick

Bain Wolfkind

When push comes to shove
There ain't a thing called love
So don't you give me no lip
Or I'll whomp you with my pimp stick

Perfume don't make you sweet
So get your ass out on the street
Oh, you're thick as a brick
I'll whomp you with my pimp stick

I answer you with no shame
It's all just part of the pimpin' game
You're just another pussy to tame
While I'm ridin' the highway to fame

So don't you give me no lip
Or I'll whomp you with my pimp stick
Perfume don't make you sweet
So get your ass out on the street
