

# Pimp Stick

## Bain Wolfkind

When push comes to shove  
There ain't a thing called love  
So don't you give me no lip  
Or I'll whomp you with my pimp stick

Perfume don't make you sweet  
So get your ass out on the street  
Oh, you're thick as a brick  
I'll whomp you with my pimp stick

I answer you with no shame  
It's all just part of the pimpin' game  
You're just another pussy to tame  
While I'm ridin' the highway to fame

So don't you give me no lip  
Or I'll whomp you with my pimp stick  
Perfume don't make you sweet  
So get your ass out on the street
