Circle Of Snakes

Danzig

A grain of bane, the secret name
Caress of scales up and down your leg
Unholy dream, a flick of the tongue
A scent of seraphs breathing down your neck
Blackrock spirals down this reptile highway
Writhing like a Devil
Blackrock spirals down this reptile highway
Ride like the Devil
Writhe around your face like a circle of snakes
Halfway to hellbent
Writhe around your face like a circle of snakes
Halfway to hellbent
Halfway to hell, halfway to hell
Halfway to hellbent
Halfway to hell, halfway to hell
Halfway to hellbent
A look of strix, a matted mane
Another nyx with the mark of Cain
Natalist, a coiled charm
Grip of vipers coiling up your arm
Blackrock spirals down this reptile highway
Writhing like a Devil
Blackrock spirals down this reptile highway
Ride like the Devil
Writhe around your face like a circle of snakes
Halfway to hellbent
Writhe around your face like a circle of snakes
Halfway to hellbent
Halfway to hell, halfway to hell
Halfway to hellbent
Halfway to hell, halfway to hell
Halfway to hellbent
Halfway to hell, halfway to hell
Ride like the Devil
Halfway to hell, halfway to hell
Ride like the Devil
