

Keep Me in My Plane (Reverso 68 Remix)

[WhoMadeWho](#)

Watch a movie i've seen five times before
Falling asleep with my head
On the emergency door Food tastes good at fifty thousand feet
Red wine and cognac
Makes me feel complete Make me feel safe
Keep me in my place
Make me feel safe
Keep me in my place The snow and ice
A green hill below
One more place
I would like to go Make me feel safe
Keep me in my place
Make me feel safe
Keep me in my place Watch a movie i've seen five times before
Falling asleep with my head
On the emergency door Make me feel safe
Keep me in my place
Make me feel safe
Keep me in my place Make me feel safe
Keep me in my place
Make me feel safe
Keep me in my place
