[Amel Larrieux](#)

6 a.m. gettin' out of bed again

They'd like to cover up and leave it all inside
Oh, baby, baby, don't you cry for you got your prize, oh, I know you're down, when you gonna get up
I see you down, when you gonna get up
I know you're down, when you gonna get up
I see you down, when you gonna get up I know you're down, when you gonna get up
I see you down, when you gonna get up
I know you're down, when you gonna get up
I see you down, I know, I know, yeah yeah yeah I see you down, when you gonna get up
I know, I see, ohh, when you gonna get up
I know you're down, when you gonna No no no
