Some love

The Real Kids

Some love
You know it brings me down, down, down
Some love
You know it brings me down, down, down
They say that love is heaven sent
Well, I guess they told another lie
How can it be a part of me?
You can't even look me in my eye
Some love
You know it brings me down, down, down
Some love
You know it brings me down, down, down
All this time you made a fool of me
You told honey sweet lies
I'm fed up with your alibis
I was blind, now I see, yeah
Some love
You know it brings me down, down, down
Some love
You know it brings me down, down, down
Let's end this game, let's stop this farce
'Cause I don't wanna live a lie
Life's so short, and love's so sparse
I guess I'll have to say goodbye
It brings me down, down, down, yeah
Some love
It brings me down, down, down
All this time you made a fool of me
You told honey sweet lies
I'm fed up with your alibis
I was blind, now I see, yeah
If this is love, I want no part of it
They call this love
Now I've got to quit you, baby
If this is love, I want no part of it
They call this love, dirty, dirty love
Some love
If this is love don't break my heart
If this is love don't want no part

If this is love don't break my heart
If this is love don't want no part
If this is love don't break my heart
If this is love don't want no part
If this is love don't break my heart
Some love
Oh, first you burn me with desire
Then you go and douse the fire
