

Blue Skies Bring Tears

Smashing Pumpkins

Unleash the Armageddon
So all the children go to Heaven
I sit by quiet still with their pictures on my eyes
You'll draw the guns, you're given
Write down the words as written
And never disturb the presence of resurrection crutch
And it's about time
It's about drawing near
Blue skies bring tears
Blue skies bring tears
Descend the darkened stairways
Make hate with plastic playmates
And fire out remaining traces of your self esteem
Mainline the deepest secrets
Lick clean the dirty fingers
I am a stranger to you as you are to yourself
And it's about time
It's about fear
Blue skies bring tears
Don't you want me
As I awake the city sigh
We'll watch the seasons die
Blue skies bring tears
Take me inside your body
Cover me with your soul
To the darkest recess is where I wish to go
You are the sweetest flower
That I have ever devoured
I ask for nothing given
For nothing in return
Blue skies bring tears
Blue skies bring tears
Blue skies bring tears

...
