

# Tears Are Cool

## Teenage Fanclub

I wanna talk to you don't want something that I know when something isn't worth discussing You might say I know but you always knew I get for nothing I wanna talk to you I could be unkind but I can't be cruel When I see you cry I think tears are cool All my lies are false but your heart is true I wanna talk to you I don't wanna lover that I take for granted I wanna talk to you I wanna say something that you'll find romantic [Chorus] I might say who cares but I know you do I don't say my prayers but I pray for you You're the one who knows that my lies aren't true When I see you cry I think tears are cool [repeat Chorus 1x (drums enter)]
