Sarah's Knives

Cityview

Get it out of your head
She woke up in a sweat
From a dream in a bed
the nightmares won't last forever
Selling her mind to deaf ear all of the time

Get it out of your head
She'll be locked up until she's dead
Why would she talk to anyone
When they don't listen

Pre Chorus:
They're gonna try to break her down
She' won't let them
They're gonna try and run her around

Chorus:
Sharpen all of you knives
They're gonna run for their lives tonight
Kill your enemies, Kill your enemies

Get it out of your head
Setting in herself she thinks about all her friends
What their faces look like
When she stole all their lives
Get it out of your head
She left her life in the hands of a jury instead
Now she can talk to anyone
And now they'll listen

Pre Chorus:
They're gonna try to break her down
She' won't let them
They're gonna try and run her around

Chorus:
Sharpen all of you knives
They're gonna run for their lives tonight
Kill your enemies, Kill your enemies

Sharpen all of your knives
They're gonna run for their lives tonight
Kill your enemies, Kill your enemies

she'll never get caught
As long as sticks straight to the plan
she'll never get caught
Washing the cold blood off her hand
Oh yeah maybe,
She'll close her eyes and mend
Oh yeah maybe,
When the nightmare's over
(Nightmare's over)

Chorus:
Sharpen all of your knives
They're gonna run for their lives tonight
Kill your enemies, Kill your enemies

Sharpen all of your knives
They're gonna run for their lives tonight
Kill your enemies, Kill your enemies
