

Still

Brian McKnight

Yeah

Mmm

Yeah

Mmm Funny when you stop and think

Time goes faster than you blink

Nothing's ever like it was Girl we've got a special thing

You're the happiness it brings

Is more than enough I know it's hard to believe

You're still the biggest part of me

All I'm living for I still think about you

I still dream about you

I still want you and need you by my side I'm still mad about you

All I ever wanted was you

You're still the one, you're still the one It's hard to breathe when we're apart

You're that sunshine in my heart

I keep you here inside You've been everything to me

You've been and always will be

The apple of my eye And I know it's hard to believe

You're still the biggest part of me

All I'm living for I still think about you

I still dream about you

I still want you and need you by my side I'm still mad about you

All I ever wanted was you

You're still the one, you're still the one If you love me, look into my eyes and say you do

I've been waiting all my life for someone just like you

Baby after all we've been through

Girl, I'm still in love with you

And I want you to know, I do, I do I still think about you

I still dream about you

I still want you and need you by my side I'm still mad about you

All I ever wanted was you

You're still the one, you're still the one
